# 2023 Testimonials

The works selected for this year were amazing. Challenging, well finished and with a very strong creative drive.... It was a great programme and beautifully delivered. - **DELEGATE**

Just wanted to say a BIG Thank You ...  
We've really enjoyed the chance to meet the international presenters face to face and made some promising connections. Thank you to you and everyone from Horizon for all the hard work, support, delicious food, slick organisation and energy that went into making it a brilliant week! - **ARTIST**

The schedule was good - being able to see so many relevant works & talk directly to the artists over a short three day period was great. The work presented was also relevant, experimental, boundary pushing and was clearly programmed with international presenters in mind.

- **DELEGATE**

The delegates felt more engaged than other showcases I've been involved in and there was more focus. The production support, accommodation and financial support etc we were given made a huge difference to our ability to present work of the quality required for international delegates  
- **ARTIST**

# Future of Horizon

**£436,000**

**Projected international income  
for 2022-3 artists\***

**\*based on a 20% conversion rate of delegates'  
expressed interest**

Keep the **heart** and **spirit**. To me it is a refreshing approach for showcasing in Europe because of the people who make it.

There is vision, ambition and an **exceptional knowledge** of the international performing arts context.

Keep building relations as consortium both with artists and with international partners and **long-lasting collaborations** will be built. - **DELEGATE**

**100% of 2023 delegates  
would like to return to Horizon**
